Get Involved

IN YOUR COMMUNITY

Eagle County Gives is a coalition of over 60 Vail Valley non-profits dedicated to strengthening the fundraising capacity and awareness of our local non-profit sector that enhances the quality of life in Eagle County. We have banded together to increase total local donations on **Colorado Gives Day** and year-round.

Your Support for Eagle County Gives provides local organizations the means to provide basic human needs, protect the mountains you explore, help develop and protect the next generation, help people with disabilities and medical issues, fund local arts, and much more!

Eagle County Gives is thoughtfully recruiting community-minded partners to join us in this effort.

We invite you to join us today!
